# PLAN TO BREAK BREAD TRUST

## ANY ATTEMPT TO RAISE PRICES WILL BE PROSECUTED

### BOSSSES FIRST PROPOSE TO RAISE THE PRICE TO TEN CENTS LOAF BUT NOW AGREE ON SIX CENTS

(By Associated Press.)  
CHICAGO, Sept. 9.—FEDERAL INVESTIGATION OF THE NATIONAL ASSOCIATION OF MASTER BAKERS' PLAN TO MAKE THE PRICE OF BREAD SIX CENTS INSTEAD OF FIVE HAS BEEN STARTED. CHARLES F. CLINE, UNITED STATES DISTRICT ATTORNEY, SAID THE PLANS ARE TO HAVE ONE BAKER IN A COMMUNITY ADVANCE THE PRICE AND THEN FOR THE OTHERS TO FOLLOW. THIS WOULD CONSTITUTE A VIOLATION OF THE ANTI-TRUST LAW.

(By Associated Press.)  
CHICAGO, Sept. 9.—Recommendations to all bakers of the United States that the five cent loaf of bread be abandoned and the ten cent loaf standardized were made after considerable discussion at the closing session of the executive committee of the National Association of Master Bakers.

"They urged that the recommendations be put into effect immediately. It is also recommended that where local conditions make it necessary the smaller loaf may be maintained, with a price consistent with cost of manufacture."

The bakers cited the following percentages of increase in cost of ingredients in the manufacture of bread within the past two years:

Patent flour, 100 per cent; rye, 124 per cent; sugar, 66 per cent; shortening, 60 per cent; milk, 40 per cent; salt, 14 per cent; wrapping paper, 70

per cent. Delivery costs also have increased, it was stated, through an advance of 100 per cent in the price of gasoline and of 25 per cent in the fed for horses.

The bakers went on record strongly against any attempt to lower the quality of bread. "No fluctuation in the present market prices of ingredients, nor any future change, should be permitted to interfere in any way with the quality of bread manufactured, nor with the services of the baker to the public," he resolution stated.

The conference here was an outgrowth of the bakers' national convention at Salt Lake City, several months ago, at which informal resolutions to the same effect were voted. Already the price of bread has been advanced, or the five cent loaf abandoned, in several cities.

In view of the fact that the five

cent loaf of bread has been an American institution for nearly a century, many bakers objected to its abandonment. They sought to urge reduction in size of the five cent loaf instead. It was cited against this, however, that this would mean expenditure of large sums for new sized pans and new machinery, while shops are now generally equipped for the ten cent loaf.

Mr. McDonald said he believed most of the bakers of the country will adopt the plan suggested today. "The bakers, the housewife and the retailer will all benefit in the end by the ten cent loaf," he declared.

Later it was predicted that six cent loaves of bread for Chicago would be seen within a week. Millions of loaves are consumed here daily. It is estimated that one cent adds \$10,000 a day to the cost of living here in bread alone.

### British Censors Use Secrets From Mails to Promote Own Interests

(By Associated Press.)  
WASHINGTON, Sept. 9.—Extension of the British mail censorship from its original purpose of destroying all trade to or from Germany to the field providing data for Great Britain's fight for commercial supremacy is seen here in admissions made by David Lloyd George, the war secretary, before Parliament, just received in full in this country. Lloyd George said:

"It is the practice to communicate to other departments concerned any information on matters of public interest which may be obtained through the censorship for such use to be made of it as the particular department may consider advisable. The government is perfectly within its rights in using any information which comes to it in these conditions for any public and national purpose."

This statement apparently has been censored out of cable dispatches to the United States. When asked about the matter, Secy. Lansing said it had been called to the attention of the State department

ment officially, but declined to make any comment at this time.

It is understood, however, that the department will take a more serious view of Lloyd George's interpretation of the British War office's power and will protest more vigorously than ever against interference with neutral mails on the high seas. Although the American government has contended strongly against the wholesale detentions and seizures of mail between neutral countries, as in violation of international law, so far there has been no formal charge that improper use was being made of information gleaned from opened neutral correspondence.

Officials here already were vexed at England's long delay in answering the American censorship note of May 26, and it is probable that any inquiry into the new development will express that feeling. A brief preliminary note was received July 20, but it was inconclusive.

### WILSON WHEEDLES THE WOMEN VOTERS

#### True to His Character' He Tells Suffragettes and New Voters to Wait a Little

(By Associated Press.)  
ATLANTIC CITY, N. J., Sept. 9.—Triumph for the woman suffrage cause "in a little while" was predicted by President Wilson here last night in a speech before the annual convention of the National American Woman Suffrage association.

"I have come here to fight with you," the president declared. Immediately the 4000 women present stood and cheered. A few minutes later Dr. Anna Howard Shaw, honorary president of the association, with Mr. Wilson still present, declared:

"We have waited long enough to get the vote. We want it now. I

want it to come during your administration." Again the great audience of women stood and cheered, waving handkerchiefs.

The president's pledge of support to the suffrage question caused Mrs. Carrie Chapman Catt to say in a speech soon after he closed:

"You touched our hearts and won our fealty when you said you had come here to fight with us."

The president did not speak on the method by which he would bring about woman suffrage, but said: "We shall not quarrel in the long run as to the method of it."

### ALLIES AGREE ON USE OF JOINT RESOURCES

#### Significant Conference to Decide On Cooperation Against Germany

(By Associated Press.)  
LONDON, Sept. 9.—A satisfactory conclusion has been reached at a conference in Paris between French and English ministers regarding the joint military resources of the two countries. "An interchange of views took place regarding conclusions to be drawn from recent military operations. Measures were discussed for the most effective employment of the joint military resources of France

and Great Britain, and a satisfactory conclusion was reached," says an official statement.

(By Associated Press.)  
PETROGRAD, Sept. 9.—Germans and Turkish troops are engaged in a stubborn battle with Russians in Galicia, on the river Naraluvka, in the direction of Halicz. Counter attacks by Teutons and Turks on Russian positions were repulsed.

In the Carpathians, south of Baranoff, the Russians stormed a series of heights and captured 500 prisoners and a mountain battery of several cannon which had been thrown into the river.

### MILLIONS OF EGGS ON ICE

(By Associated Press.)  
WASHINGTON, Sept. 9.—Nearly five million cases of eggs, about 143,000,000 dozens, are held in cold storage by 221 firms, according to reports to the Department of Agriculture. This, the report shows, is ten per cent less than a month ago.

#### EVENING WITH THE ELKS

The Elks will hold one of their semi-monthly dances in their hall this Friday evening. A five piece orchestra will furnish music guaranteed to be the best in town. The hall is in readiness for the affair and many surprises await those attending.

government of the movement and testified that he warned the men against the attempt.

### BIG TIE UP IN SIGHT

(By Associated Press.)  
NEW YORK, Sept. 9.—Union labor leaders of national and state prominence have been called into the transit strike situation with the announcement of local organizers that within 24 hours a conference will be held here, the outcome of which might be a tie up of the city's industries within 24 hours which employ men affiliated with the American Federation of Labor. Police reports indicate that the subway and elevated services are normal.

### UPRISING IS FOILED

(By Associated Press.)  
CAPE TOWN, Sept. 9.—Details of an attempt to foment another rebellion against the British in South Africa was disclosed today at the trial in Bloemfontein of two nationalists, Vander Merwe and Schoonen, on a charge of high treason. The men were alleged to have approached prominent Boers, including Gen. De Wet, telling them that large stores of rifles were available and that certain Boer generals were willing to lead the revolt. De Wet informed the

### WILSON PLANS FEW SPEECHES

(By Associated Press.)  
CHICAGO, Sept. 9.—President Wilson will not make more than five speeches in the present campaign in addition to those he may make to visiting delegations at Shadow Lawn, N. J., according to word brought to the western Democratic headquarters by Arthur P. Mullen, Democratic national committeeman from Nebraska. Mullen said President Wilson told him that his speeches would be made before non-political organizations which have invited him to address them.

### VILLA DEFIES TROOPS IN PUBLIC ADDRESS

(By Associated Press.)  
EL PASO, Sept. 9.—From a seat on a wagon Villa addressed the populace of Satevo, Chihuahua, when his forces took the town two weeks ago, according to arriving Americans, who brought notes of the speech obtained from a Mexican.

"You see before you Pancho Villa. Villa, the bandit," Villa is quoted as saying. "You see I pay my soldiers

### RUMANIA THE SCENE OF GREAT BATTLES

(By Associated Press.)  
LONDON, Sept. 9.—Rumania now is the scene of a great battle between Russo-Rumanian forces and armies of the central powers. Eastern Rumania has become a fighting ground and the opposing armies are engaged from the Black sea to the Danube, along a front of about 70 miles.

Bulgarian and Turkish troops have occupied Baltjik and two other seaports, Sofia reports, and the fortress of Dobritch or Bazarjik has been taken. The armies of the central powers have not yet crossed the Danube.

The Rumanians continue their offensive in Eastern Transylvania and also have occupied Orsova, on the Danube. Advancing from Calk Shereda, in Transylvania, the Rumanians are driving westward, and Vienna admits the withdrawal of Austrian forces before attacks against Hargitta.

The Russians, on the northern end of their line, near Riga, have begun a new undertaking and have crossed the Dvina north of Dvinsk. Repeated efforts by the Germans to dislodge them failed, Petrograd declared.

Austro-Germans are fighting desperately to hold back the Russians advancing on Halicz. Petrograd says the Austro-German forces have fallen back to the western bank of the Gnita Lipa, while Vienna asserts that troops of the central powers are holding their own. Russian attacks against German positions on the Zlota Lipa, southeast of Brzezany, failed with heavy losses, Berlin reports.

### BIG BULLION OUTPUT OF TONOPAH MINES

Two mining companies signalized the close of the week by shipping over 7 1/2 tons of gold-silver bullion having an aggregate value of \$186,777, representing the mill returns for the latter half of August. This brings the total shipments of the week up to \$328,146, or close to a record for the year. The Belmont shipped 54 bars weighing 105,004 ounces from

the Tonopah mill valued at \$84,003.20 and 26 bars from the Millers plant weighing 41,218 ounces, valued at \$32,974.40, making a total of \$116,977 for the Belmont. The Tonopah Mining company sent out 46 bars valued at \$69,800. As stated before in the Bonanza, the other companies shipping earlier in the week were: Tonopah Extension, \$81,548, and West End, \$850,000.
